Professional:

Practice at all times within the Nursing and Midwifery Council Code of Professional Conduct

Develop the role by using evidence-based practice and continuously improve own knowledge, following PREP guidelines.

Clinical:

Responsible for the safe delivery of all aspects of SACT administration following completion of a University accredited course, which is mandatory for this area.

As a nurse led unit and often without medical review the nurse has responsibility for toxicity assessment and is responsible for the assessment of care needs and the development, implementation and evaluation of care for patients to ensure delivery of a high standard of care.

Work within and monitor standards of care within the defined policies, procedures, standards and protocols of the Ward, Directorate and Division to ensure adherence to, and delivery of, a high quality service.

Maintain effective communications with patients, relatives and other members of the multidisciplinary team to ensure that appropriate information is shared and patient needs are met.

Organise own workload to ensure that the interests of patients/clients are met.

Participate in clinical audit and research as required.

Develop and maintain a sound knowledge base and practice relevant to the clinical setting.

Managerial:

In the absence of the Senior Charge Nurse, take charge of the department for the management of the daily responsibilities, including work allocation, deployment and supervision of staff, to ensure smooth running of the area. They would also be responsible for more sensitive staff issues, for example, absence management, disciplinary, complaints.

Lead, supervise and assess junior staff/learners ensuring competencies are met whilst providing care to patients.

Within their team leader role, they are responsible for Personal Development Plans (PDP) through the appraisal process.

Maintain departmental stock levels, through ordering of stores, ensuring the economic use of all resources.

Requirement to attend specialty group meetings and committees, and a weekly Directorate Charge Nurse meeting.

Ensure patients property and valuables that are received by the ward for safe-keeping are secured and processed as division policy.

Recognise importance of resolving complaints timeously and effectively at local level and escalate as appropriate.

Assisting Charge Nurse in the recruitment of new staff.

Education:

Undertake teaching of registered and non-registered nursing staff, including pre and post registration students, and participate in the implementation of staff personal development plans to facilitate ongoing development.

Demonstrate a commitment to personal continuing professional development, and actively participate in Performance Review/appraisal.

Lead, motivate, develop and support the nursing team, utilising mentorship, objective setting and appraisal, enabling education needs of nursing staff are met.

Completion of the cytotoxic training package is essential for this post.
