<b>Circumstances of Job</b>	Required to work at any of NHS Lothian's sites and the Borders General Hospital	

## Section 2: Introduction to Appointment

**Job Title:** Consultant Urologist with interest in Andrology

**Department:** Urology Department

**Base:** Western General Hospital

**Post Summary:** This post is a permanent post for a consultant Urologist who wishes to provide a high quality Urology service. The post holder will be a key member of the team delivering medical and surgical andrology. They will be expected to deliver medical and surgical management of penile malignancy and post prostatectomy erectile dysfunction, as well as contributing to general urology and diagnostic activity. The post holder is expected to perform key andrological procedures independently, although initial mentorship suitable for a year 1 consultant will be offered in house.

Urology services are provided by the Lothian and Borders network which provides general and specialist urological services for a population of 850,000 across several sites centred on the unit at the Western General Hospital. In addition to St John's Hospital, Livingston the network includes the Borders General Hospital Melrose and East Lothian Community Hospital, Haddington.

It is anticipated that the successful applicant will be based at the Western General Hospital but will also work across one or two other network sites.

## Section 3: Departmental and Directorate Information

Urology services at the Western General Hospital and the network are currently delivered by a team of fifteen consultants, covering well-developed sub-specialist interests in all the major disease areas with variable contributions to General Urology as follows:

Ms V Granitsiotis	Clinical Director. Female Urology, Urodynamics and reconstructive urological surgery
Mr A. Alhasso	Female Urology, Urodynamics and reconstructive urological surgery
Miss S Hina	Female Urology, urodynamics and general urology
Mr J Blackmuir	Minimally invasive/open upper tract reconstruction & general urology
Mr S Phipps	Endo-urology & minimal access surgery, Scottish Lithotripter Service.
Mr B. Thomas	Endo-urology & minimal access surgery, Scottish Lithotripter Service
Mr M Cutress	Endo-urology & Scottish Lithotripter Service
Mr M Trail	Endo-urology & Scottish Lithotripter Service – BPH
Mr CJ Shukla	Andrology
Mr A Laird	Renal cancer- open and minimally invasive
Mr S Leung	Renal cancer- open and minimally invasive

Mr P. Mariappan	Bladder malignancy
Mr R Bajis	Bladder malignancy – Minimal invasive RARC
Vacancy	Minimally invasive management of prostate cancer (advertised)
Mr A Sharma	Prostate cancer – RARP
Mr S Chintzoglou	Prostate cancer - RARP (fixed term)
Ms H Smith	General Urology
Mr E Mains	General Urology, renal cancer

It is a well-equipped unit with endoscopic facilities in all theatres, a full range of endoscopic and laparoscopic equipment and a full complement of video-urodynamic equipment. The well-developed subspecialist organisation of the unit has allowed it to develop a tradition of leading developments in Urology in Scotland, in all areas from andrology to robotic pelvic surgery and robotically assisted partial nephrectomy. The department performs 250 RARP a year. Robotically assisted radical cystectomy is also provided routinely for suitable patients

The Scottish Lithotripsy Centre is a well-renowned part of the Department of Urology based at the Western General Hospital, which provides a secondary and tertiary service for the management of patients with urinary tract stones.

Urology services at St John's Hospital include Day Case surgery, Green Light Laser prostatectomy, flexible cystoscopy and clinics. There is a need to optimise and expand the current bladder outflow obstruction surgery and new treatment modalities have been recently established including REZUM and bipolar TURP. There is a plan to introduce HoLEP and other minimally invasive treatments for urethral stricture disease. Nurse urology support for SJH is based at WGH, Consultants visit St John's Hospital on a regular basis.

Urology Services at East Lothian Community Hospital are limited to Thursdays and Fridays, predominantly for diagnostic services including flexible cystoscopy and clinics and transperineal prostate biopsies under LA .

Urology services the Borders General Hospital (BGH), Melrose outpatient clinics and operating in fully equipped theatres allowing endoscopic and day case procedures. This currently includes lower urinary tract Urology, eg TURP's. Diagnostic work includes a urodynamic session with a nurse specialist in training, development of intravesical Botox services and flexible cystoscopy. Flexible cystoscopies, prostate assessment and catheter clinics are run by Urology Nurse Specialists alongside the consultant staff. At present services are provided by a team of three consultant urologists working between BGH and the Western General Hospital (WGH) and an Associate Specialist based at BGH.

The unit provides training as part of the East of Scotland Training Programme in Urology which currently offers training to five specialty trainees and 3 Subspecialty training fellows who share on-call commitments on a 1:8 non-residential on-call rota. Training opportunities are focussed according to the specific needs of each trainee.

The medical team at WGH is supported by an excellent team of theatre and ward nursing staff and nurse practitioners who undertake roles such as prostate biopsies, flexible

cystoscopy and junior doctor support with venepuncture, intravenous cannulation and antibiotic administration and newly appointed Physician's assistants.

The Nurse Urology Unit houses facilities for assessment and follow up of patients with bladder outflow obstruction and incontinence. This unit also takes pressure off the ward with regard to performing trial without catheters and teaching intermittent self-catheterisation. It supports the emergency service by providing urgent access for catheter related problems. The Surgical Assessment Unit offers an area for assessment of emergency patients and a treatment room.

## Section 4: Main Duties and Responsibilities

### Clinical:.

The duties of the post holder will include:

- Undertaking medical assessment and surgical procedures for patients with andrological cancers and benign andrological conditions including male infertility and General Urology/BOO operating, and diagnostic sessions and clinics both at WGH and at least one of the regional hospitals in a hub and spoke arrangement (BGH/SJH/ELCH). This will be based on flexible arrangements to provide cover of vacant sessions as identified in the departmental schedule/matrix. The successful candidate will be expected to engage in the scheduling process 6 - 12 weeks in advance of the sessions worked.
- Contribute to the Scottish audit for penile and testicular cancer as well as support research projects.
- The post holder will be expected to actively contribute or lead the development/ redesign of benign andrological services, including streamlining existing services.
- Contribution to administrative processes will be expected as well as outpatient clinics
- The post holder will be encouraged to develop skills in penile stricture disease and treatment of male incontinence.

### Out of Hours Commitments:

- This post requires participation on the consultants on call rota, currently 1:18.

### Location:

- It is anticipated the base hospital will be the Western General Hospital in Edinburgh but operating lists will also be at the SJH
- There is also a monthly operating list and outpatient clinic for male infertility at the Edinburgh Reproductive Medicine Unit at the Royal Infirmary of Edinburgh.
- As part of the role, the post holder will have variable commitments on other sites as outlined above. You may be required to work at any of NHS Lothian's sites

### Provide high quality care to patients:

- Maintain GMC specialist registration and hold a licence to practice
- Develop and maintain the competencies required to carry out the duties of the post
- Ensure patients are involved in decisions about their care and respond to their views

### Research, Teaching and Training:

- Where possible to collaborate with academic and clinical colleagues to enhance NHS Lothian's research portfolio, at all times meeting the full requirements of Research Governance. Existing research interests will be supported in general within the department, but the post does not hold any specific research time allocation or resources.
- To contribute to high quality teaching to medical undergraduates and members of other health care professions as required by the Clinical Director

- To act as educational supervisor and appraiser as delegated by the clinical Director to ensure external accreditation of training posts with an appropriate allocation of SPA time for these roles.

#### **Medical Staff Management:**

- To work with colleagues to ensure junior doctors' hours are compliant in line with EWTD and New Deal
- To support the systems and procedures in place to control and monitor leave for junior medical staff and to help ensure that there is appropriate cover within the clinical areas, including on-call commitments
- To participate in the recruitment of junior medical staff as and when required
- To participate in team objective setting as part of the annual job planning process

#### **Governance:**

- Participate in clinical audit, incident reporting and analysis and to ensure resulting actions are implemented
- Ensure clinical guidelines and protocols are adhered to by doctors in training and updated on a regular basis
- Keep fully informed about best practice in the specialty areas and ensure implications for practice changes are discussed with the Clinical Director
- Role model good practice for infection control to all members of the multidisciplinary team

#### **Strategy and Business Planning:**

- To participate in the clinical and non-clinical objective setting process for the directorate

#### **Leadership and Team Working:**

- To demonstrate excellent leadership skills with regard to individual performance, clinical teams and NHS Lothian and when participating in national or local initiatives
- To work collaboratively with all members of the team
- To resolve conflict and difficult situations through negotiation and discussion, involving appropriate parties
- Adhere to NHS Lothian and departmental guidelines on leave including reporting absence
- Adhere to NHS Lothian values

## Section 5: NHS Lothian – Indicative Job Plan

## Section 7: Working for NHS Lothian

### Working in Edinburgh and the Lothians

#### Who are we?

NHS Lothian is an integrated teaching NHS Board in Scotland providing primary, community, mental health and hospital services. Calum Campbell is the Chief Executive, Professor John Connaghan CBE is the Chair and Tracey Gillies is the Executive Medical Director.

NHS Lothian provides services for the second largest residential population in Scotland – circa 850,000 people. We employ approximately 26,000 staff and are committed to improving all patient care and services and engaging staff in service planning and modernisation.

Over the next year across Scotland there will be significant changes in the way health and social care services are provided. In April 2015, integration came into effect in local areas led by four Health and Social Care Partnerships in East Lothian, Edinburgh, Midlothian and West Lothian. Working together will help us provide even better services for our communities and, where appropriate, people will receive high quality care closer to home. There is work underway in relation to the operational and governance capacity required, ensuring that planning for unscheduled and scheduled care is done in tandem between the four Integrated Joint Boards and the acute service.

Further information about Edinburgh and NHS Lothian can be found on our Intranet site: <https://org.nhslothian.scot/>

#### Location

Edinburgh and the Lothians are on the eastern side of Scotland's central belt in the heart of the country. Four main areas make up Edinburgh and the Lothians – Edinburgh, East Lothian, Mid Lothian and West Lothian.

Edinburgh and the Lothians are a place of exceptional beauty and contrast, from Edinburgh's historic skyline to the scenic countryside and coastline that surround it. Edinburgh is famous for its castle, military tattoo, fringe and international festival.

Edinburgh and the Lothians are home to top-ranking state and private schools and world class universities and colleges. Edinburgh offers a rich diversity of parks and gardens to spend time relaxing with friends and family. Whether you want to buy or rent Lothian also offers a diversity of accommodation ranging from city centre based flats, waterfront living, Victorian or Georgian villas to more rural farm houses or coastal homes.

Local and wider transport networks are excellent. Glasgow is less than 50 minutes away by train. The Scottish Highlands are accessible in a few hours offering opportunities for skiing and walking. National and international transport links make it easy to keep in touch with friends and family via Edinburgh Airport which offers a variety of international flight opportunities.

If you are thinking about joining us from overseas further information can be found at [TalentScotland - find a job in Scotland or attract international talent \(sdi.co.uk\)](http://TalentScotland - find a job in Scotland or attract international talent (sdi.co.uk)).

### **What we can offer you**

Working with NHS Lothian offers a variety of opportunities and benefits:

- Access to the NHS pension scheme
- Assistance relocating to Edinburgh
- NHS Lothian is an equal opportunities employer and promotes work-life balance and family-friendly policies
- A beautiful setting to live and work and to take time out after a busy day or week
- Access to a transport network offering easy travel links to the rest of the UK and Europe, as well as international options

### **Teaching and Training Opportunities**

NHS Lothian has one of the largest and some of the most successful teaching hospitals in Scotland. We have a growing national and international reputation for medical teaching and research and are recognised as a centre of excellence.

We successfully train medics, nurses and other healthcare professionals from all over the UK and the world, many of whom choose to remain in employment with NHS Lothian and continue to contribute to the development of the organisation, promoting new techniques and going on to train the doctors, surgeons and nurses of tomorrow.

NHS Education for Scotland (NES) and NHS Lothian recruits junior medical staff both UK and worldwide. We are committed to providing a high standard of medical education and are able to offer training in a variety of specialties at foundation and specialty level, with the majority of training posts in the South East of Scotland rotating through Edinburgh and Lothian hospitals.

Information regarding training with links to the appropriate UK websites can be found at <http://www.scotmt.scot.nhs.uk/> and <http://nes.scot.nhs.uk/>

We enjoy close links with the University of Edinburgh (<http://www.ed.ac.uk/home>) whose Medical School is renowned for preparing its medical students to become world-class doctors. Alongside NHS Lothian, the University of Edinburgh offers state-of-the-art medical teaching facilities at the Chancellors Building, including lecture theatres, seminar rooms, clinical skills training area, computing suites, as well as library facilities at the main university, Western General Hospital and Royal Hospital for Sick Children.

## Our vision, values and strategic aims

We strive to provide high quality, safe, effective and person centred healthcare, continually improving clinical outcomes for patients who use our services and for our population as a whole.

To achieve this, we are committed to ever-closer integrated working with patients and our other partners in healthcare and to embedding a culture of continuous improvement to ensure that:

- Our staff can contribute fully to achieving the best possible health and healthcare, based on evidence and best practice
- Everything we do maximises efficiency and delivers value for patients and the public

We have identified six strategic aims to ensure we can deliver safe, effective and person-centred health and social care:

1. Prioritise prevention, reduce inequalities and promote longer healthier lives for all
2. Put in place robust systems to deliver the best model of integrated care for our population – across primary, secondary and social care
3. Ensure that care is evidence-based, incorporates best practice and fosters innovation, and achieves seamless and sustainable care pathways for patients
4. Design our healthcare systems to reliably and efficiently deliver the right care at the right time in the most appropriate setting
5. Involve patients and carers as equal partners, enabling individuals to manage their own health and wellbeing and that of their families
6. Use the resources we have – skilled people, technology, buildings and equipment – efficiently and effectively.

The specific areas of focus and actions needed to achieve each of these aims are detailed in “Our Health, our Future: NHS Lothian Strategic Clinical Framework 2014 – 2024,” consultation document which you will find at:

<https://org.nhslothian.scot/Strategies/Pages/default.aspx>

<http://careers.nhslothian.scot.nhs.uk>

## **Our Health, Our Care, Our Future**

NHS Lothian works to help people live healthier, longer lives – no matter who they are or where in the region they live. Much progress has been made, but significant challenges and opportunities lie ahead. NHS Lothian draft strategic plan - Our Health, Our Care, Our Future – sets out what we propose to do over the coming decade to address these challenges and continue to provide a high quality, sustainable healthcare system for the people of Lothian.

In developing the strategic plan we have:

- asked staff and patients what and how things need to change to deliver our aims
- brought together local plans into an integrated whole
- identified opportunities to make better use of existing resources and facilities
- prioritised areas that will make most difference to patients

The plan outlines a range of proposals, which will allow us to:

- improve the quality of care
- improve the health of the population
- provide better value and financial sustainability

Over the coming months we will discuss the need for change and the proposals set out in the plan with staff, patients, communities and other stakeholders. A summary of the plan can be found at

<https://org.nhslothian.scot/Strategies/OurHealthOurCareOurFuture/Pages/default.aspx>

## **NHS Lothian's Clinical Quality Approach – Quality Driving Improvement**

This is a new way of approaching quality in NHS Lothian. With this approach to service improvement we aim to deliver 'high quality, safe and person-centered care at the most affordable cost'. This acknowledges that every £1million of waste, unnecessary or inappropriate costs in one area of our system, denies us the opportunity to invest that £1million in another area of our system.

In all highly reliable healthcare organisations, it is clear that senior leadership commitment to the importance of the work, the introduction of consistent improvement methodology, the use of good quality data and building improvement capability within the workforce, are key to the successful delivery of improvement strategies.

To allow NHS Lothian to meet the needs of our population today and in the future, we need to build on the good work that is already being done to redesign services and create a whole organisation approach to quality improvement.

<http://careers.nhslothian.scot.nhs.uk>

## **NHS Lothian Values into Action**

NHS Lothian is determined to improve the way their staff work so we have developed a set of common values and ways of working which we need to turn into everyday reality - to the benefit of everyone working in the organisation and, most importantly, to the benefit of people using our services.

Our Values are:

### **Quality**

We continually look for ways to make what we do even better.

### **Dignity and Respect**

People are communicated with in a way that they understand and staff check that the individual has understood the information given.

### **Care and Compassion**

We take time to ensure each person feels listened to, secure, understood and is treated compassionately.

### **Openness, Honesty and Responsibility**

We continually listen & learn from staff, people receiving care, carers and family.

### **Teamwork**

We understand and value each other role and contribution.

Throughout the recruitment process candidates will need to demonstrate they meet all of Our Values. More information on Our Values can be found by clicking on the link at the bottom of our Careers website front page: <https://careers.nhslothian.scot/>

### Disclosure and Rehabilitation

The rules around criminal convictions and disclosure are complicated, so it is important you read the guidance below as part of making your application.

NHS Scotland is exempt from the 1974 Rehabilitation of Offenders Act (Exclusions & Exceptions) (Scotland) Order 2003. As part of any offer of employment, candidates will be subject to one of the following:

- For posts in regulated work – Protection of Vulnerable Groups Scheme membership
- For all other posts which are subject to a criminal conviction record check – A Police Act check
- For posts not subject to a criminal conviction record check – A self-declaration

For further information please visit our careers site:

<https://careers.nhslothian.scot/recruitment-of-people-with-convictions/faq-disclosure-scotland-and-self-declaration-forms/>

### **Disclosure Scotland**

Where a Police Act Disclosure or Protection of Vulnerable Groups Check is deemed necessary for a post, the successful candidate will be required to undergo an appropriate check. Further details on the Recruitment of Ex-Offenders are available on our careers webpage: <https://careers.nhslothian.scot/recruitment-of-people-with-convictions/>

### **Eligibility to Work in the UK**

To work in the United Kingdom, there is a legal requirement for an individual to demonstrate that they have the relevant permission to work in the country. This permission is, without exception, granted by the UK Visa and Immigrations Service.

As part of the pre-employment checks for a preferred candidate, NHS Scotland Boards **will** check your entitlement to work in the UK. It can be evidenced through a number of routes including specific types of visa as well as EU settled and pre-settled status. To find out more about these routes of permission, please refer to the GOV.UK website [here](#).

For specific types of post, if you do not have the necessary eligibility to work in the UK, it might be possible (though not guaranteed) to secure sponsorship via a UK Skilled Worker/Health & Care Worker Visa. However, this is only possible if the employer is a licenced Sponsor, and if the post does not fall below the current minimum salary threshold or 'going rate'. Further information on these criteria can be found [here](#).

**It is ESSENTIAL that you have checked that you either already have an appropriate right to work in the UK or that the post would be eligible to be sponsored BEFORE submitting your application form.**

### **Work Visa**

If you require a Work Visa, please seek further guidance on current immigration rules, which can be found: <https://www.gov.uk/government/organisations/uk-visas-and-immigration>

### **Overseas Registration and Qualifications**

<http://careers.nhslothian.scot.nhs.uk>

NHS Lothian will check you have the necessary professional registration and qualifications for this role. You will need to provide an official translation of qualifications notarized by a solicitor of your overseas qualifications to be checked by the recruiting panel. Please ensure that this is available before applying for the post.

### **Data Protection Act**

During the course of our activities we will collect, store and process personal information about our prospective, current and former staff. The law determines how organisations can use personal information. For further information on the type of data that is handled, what the purpose is of processing the data and where and why we share data, please see the NHS Lothian Staff Privacy Notice, found at:

<http://intranet.lothian.scot.nhs.uk/HR/az/staffprivacynotice/Pages/default.aspx>

For the purposes of this privacy notice, 'staff' includes applicants, employees, workers (including agency, casual and contracted staff), volunteers, trainees and those carrying out work experience.

### **Counter Fraud**

NHS Lothian is under a duty to protect the public funds it administers, and to this end will use the information you have provided on your application form for the prevention and detection of fraud. It will also share this information with other bodies responsible for auditing or administering public funds for these purposes. More detail on this responsibility is on NHS Lothian intranet (Counter-Fraud and Theft page) and further information is available on the Audit Scotland website: <https://audit.scot/>

### **Workforce Equality Monitoring**

NHS Lothian is committed to supporting and promoting dignity at work by creating an inclusive working environment. We believe that all staff should be able to fulfil their potential in a workplace free from discrimination and harassment where diverse skills, perspectives and backgrounds are valued.

In order to measure and monitor our performance as an equal opportunities employer, it is important that we collect, store and analyse data about staff. Personal, confidential information will be collected and used to help us to understand the make-up of our workforce that will enable us to make comparisons locally, regionally and nationally.

### **Equal Opportunities Policy Statement**

NHS Lothian considers that it has an important role to play as a major employer and provider of services in Lothian. We are committed to encouraging equality and diversity among our workforce, and seek to eliminate discrimination. The aim is for our workforce to be truly representative and for each employee to feel respected and able to give their best.

<http://careers.nhslothian.scot.nhs.uk>

The objectives of its policy are that no person or employee receives less favourable treatment on the grounds of gender identity, gender expression, disability, marital status, age, race (including colour, nationality, ethnic or national origin), religion or belief, sexuality, responsibility for dependants, socio-economic status, political party or trade union membership or activity, HIV/AIDS status or is disadvantaged by conditions or requirements which cannot be shown to be justifiable.

Our Equal Opportunities in Employment policy can be viewed on our careers website: <https://careers.nhslothian.scot/equal-opportunities/>

### **NHS Staff Benefits**

As a staff member in NHS Lothian, you will have access to a wide variety of offers and discounts from local and national businesses. For more information and to view these discounts, visit <https://www.nhsstaffbenefits.co.uk/>

## **Section 10: Staff Support & Wellbeing**

### **Supporting the work life balance**

NHS Lothian is committed to supporting our staff achieve a good work life balance. We have several policies in place to support this ranging from flexible work location to career break, full details of all the policies can be found at <https://workforce.nhs.scot/>

### **Carers Passport**

NHS Lothian has introduced a Carers Passport which is intended to help support staff with caring responsibilities manage their work and caring responsibilities. Completion of the passport is voluntary, and it designed to be completed with reference to the NHS Scotland Workforce Policies: <https://workforce.nhs.scot/> which support work life balance e.g. Flexible Work Pattern, Flexible Work Location and Special Leave.

### **Staff Support and Wellbeing**

NHS Lothian's vision is to promote, support and encourage staff to look after their own health, wellbeing and resilience (self-care). We have a wellbeing strategy and run regular events across the year on different health and wellbeing topics.

<https://org.nhslothian.scot/strategies/work-well-staff-wellbeing-strategy/>

We have a range of support options for our staff, these include staff counselling, peer support, 'Here 4 U' our psychological support service, staff listening service and occupational health.

## Section 11: Equality and Diversity

### Statement of Intent

NHS Lothian is committed to supporting and promoting dignity at work by creating an inclusive working environment. Working with our Staff Networks and Staff Side Organisations, we have agreed a Statement of Intent in relation to equality, diversity and inclusion as follows:

We continue to learn and build on our inclusive culture to make NHS Lothian a great place to work where our staff feel respected and valued. We are committed to recruiting a workforce that fully reflects and embraces the diverse make-up of our society. At NHS Lothian, we take a zero tolerance approach to discrimination and provide our staff with the leadership, tools and confidence to challenge discrimination and prejudice. We are a place where everyone can thrive and have good and respectful relationships with different groups of staff. Where everyone can develop and succeed based on their skill, knowledge and talent, regardless of age, disability, gender reassignment, race, religion or belief, sex, sexual orientation, marriage or civil partnership, pregnancy and maternity, socio-economic background, care experience or anything else that can be used to differentiate people from one another. We offer first-class flexible working benefits, excellent employee well-being support and a great pension. We are fortunate to have a range of excellent Staff Networks and are proud to be a Disability Confident, Carer Positive and Living Wage Accredited employer with a partnership agreement with Trade Unions. We will fully support candidates with a disability, long-term condition or who are neurodivergent, and require adjustments in our recruitment process. We actively welcome applications from anyone who shares our commitment to equality and inclusion.

### Equality and Human Rights Strategy 2023 – 2028

NHS Lothian wants to improve the health of everyone in Lothian so that everyone lives a longer, healthier life, with better experiences and outcomes including people who work for and with us. Our equality and human rights strategy supports us to put equality and human rights at the centre of everything we do so that we achieve these aims and meet our legal requirements. It sets out six strategic priorities – each on helping us understand and act on the experiences and needs of people who work for us and use our services. Our priorities are:

1. Equality and human rights are a central part of our planning, decision-making, delivery and reporting.
2. We are an anti-racist organisation, and our work helps to eliminate racism and remove racialised inequalities and prejudice.
3. We anticipate and meet the needs of disabled people so they can access services, employment opportunities and have better outcomes.
4. We are gender inclusive, we do not discriminate on grounds of sex or gender identity and our work helps to tackle persistent gender inequalities.

5. We support people who use our mental health services and people with dementia to know about and claim their rights, and to make decisions about their care and treatment.
6. We reap the benefits of equality and human rights education and training.

### **Anti-racism**

As a healthcare provider and employer NHS Lothian has a duty to stop racism, inequality, and discrimination. We have acknowledged and apologised for NHS Lothian's historical connections with transatlantic slavery and the impact on all the people who suffered. We are implementing recommendations made by an Independent Advisory Group to ensure we learn from our past and build a better future for everyone. More information, including a short video, is available on the NHS Lothian website: <https://org.nhslothian.scot/aboutus/atlantic-slavery-and-the-royal-infirmary-of-edinburgh/>

We have launched our anti-racism campaign, 'We are NHS Lothian': <https://www.facebook.com/lothian.nhs/videos/927242979125104/> to encourage everyone to understand and acknowledge racism and take action to eliminate it. The campaign aims to drive forward the work NHS Lothian has started to achieve meaningful change in the diversity of its workforce and to embed a respectful, tolerant and inclusive culture for everyone.

### **Reasonable Adjustments**

NHS Lothian strives to be an exemplary employer and an "employer of choice" by doing the following to support disabled staff:

- Creating a positive organisational culture where every individual employee is valued for the specific skills that they bring with them into the workplace;
- Enabling staff to feel empowered and to speak up when they require support;
- Helping staff to feel safe in sharing their personal information regarding their disability in order that the organisation can continue to improve support and awareness for the benefit of everyone;
- Creating a management culture where supporting disabled staff is delivered in a positive manner and based upon the desire to retain valuable skills within the organisation and not solely on any legal requirement to do so.

NHS Lothian recognises it has a duty to make reasonable adjustments for disabled applicants and employees. NHS Lothian aims to ensure that it takes all reasonable steps to remove or adapt any provision, criterion or practice, or physical feature of premises that may put a disabled person at a disadvantage at any stage of employment. Wherever possible, we are committed to providing auxiliary aids and making sure information is provided in an accessible format to make sure disabled people are not put at a disadvantaged. Further information on the adjustments that may be made are outlined in our <https://careers.nhslothian.scot/wp-content/uploads/2024/03/Reasonable-Adjustments-Guidance.pdf>

## Disability Passport

NHS Lothian has introduced a Disability Passport:

<https://careers.nhslothian.scot/wp-content/uploads/2024/03/Reasonable-Adjustments-Guidance.pdf> which is intended to guide a conversation between the staff member and their line manager to find the best ways to reduce barriers and enable staff to thrive in their roles. It provides a framework within which to discuss the staff member's disability and what changes/adjustments can be made at work to assist them. Completion of the passport is voluntary, and it designed to be completed with reference to NHS Lothian's Reasonable Adjustment Guidance.

## NHS Lothian Staff Networks

There are currently seven NHS Lothian staff networks:

- **BME Network** - primarily aimed at NHS Lothian employees from Black or Minority Ethnic backgrounds but open to any staff interested in helping to improve inclusion in NHS Lothian.
- **Carers Network** – open to any member of staff who has an unpaid caring role
- **Care Experienced Network** – open to any member of NHS Lothian staff, with a focus on supporting Care Experienced staff.
- **Disabled Employee Network (DEN)** – open to any member of NHS Lothian staff who identifies as disabled, neurodivergent, or with a long-term health condition. You don't need a formal diagnosis, and you don't need to disclose your condition to your line manager or to other DEN members.
- **LGBT+ Staff & Allies Network** - primarily aimed at NHS Lothian employees who identify as LGBT+ but open those who identify as allies or have a positive interest in LGBT+ matters
- **Women's Network** - a network for all to join, encouraging inclusion and diversity, regardless of gender identity
- **Young Employee Network** - primarily aimed at young NHS Lothian staff but no fixed age limit and open to anyone with a positive interest in the network's ambitions

The networks have been established to advance equality for groups of staff we know are more likely to experience disadvantage, be under-represented or have different needs. They aim to provide peer support, social events, networking and a point of contact on equality and diversity issues. The networks are involved in creating the annual Advancing Equalities Action Plan and moving actions forward, thus helping to improve the working lives of all NHS Lothian staff.

Information about all staff networks can be found on the NHS Lothian website:

<https://staff.nhslothian.scot/staffnetworks/>

## Workplace Equality Monitoring

In order to monitor the organisation's performance as an equal opportunity employer, NHS Lothian will request and retain data on the protected characteristics of its workforce. This data is processed and retained in line with the Data Protection Act 1998. The disclosure by

<http://careers.nhslothian.scot.nhs.uk>

applicants and staff of their protected characteristics is voluntary but this data is invaluable to NHS Lothian as it enables accurate review of progress and highlights any areas where NHS Lothian is failing to advance equality. The data is anonymised prior to analysis, review and reporting. It plays no part in making decisions about individual employees. Its function is to help make evidence based decisions about the organisation's equality performance in relation to employment.

### **Equality, Diversity and Human Rights Strategy**

NHS Lothian considers that it has an important role to play as a major employer and provider of services in Lothian. As outlined in our Statement of Intent, we are committed to encouraging equality and diversity among our workforce, and seek to eliminate discrimination. The aim is for our workforce to be truly representative and for each employee to feel respected and able to give their best. Our Equality, Diversity and Human Rights Strategy: <https://org.nhslothian.scot/equality-human-rights/> sets out our commitment to these principles and sets out the approach to be followed to ensure that these principles are consistently met.

### **Equality and Human Rights Team**

NHS Lothian has an Equality and Human Rights Team who can provide advice and guidance on equality and human rights compliance and best practice in NHS Lothian. They can be contacted by emailing [loth.equalityandhumanrights@nhslothian.scot.nhs.uk](mailto:loth.equalityandhumanrights@nhslothian.scot.nhs.uk)
