

Post - Physiotherapy Clinical Support Worker Neurological and Orthopaedic Rehabilitation

Location – East Lothian Community Hospital

Grade - Band 3

Contract – Permanent

Hours of work – 37hrs

We have an exciting opportunity for a motivated and dynamic person to join our physiotherapy team and be part of our in-patient neurological, amputee and orthopaedic in-patient rehabilitation service.

As a physiotherapy clinical support worker, you will be a key member of the team and work closely with the registered physiotherapists to deliver rehabilitation to patients with complex needs following injury or illness.

Key attributes for this post include excellent communication and interpersonal skills, knowledge and understanding of the role of a physiotherapist in rehabilitation and experience of working in a team.
