## Section 2: Introduction to Appointment

**Job Title: Part Time Consultant Breast Surgeon**

**Department: Edinburgh Breast Unit**

**Base: Western General Hospital, Edinburgh**

You may also be required to work at any of NHS Lothian sites.

This is a replacement consultant post and the successful candidate would work in a dynamic multidisciplinary breast unit with an international reputation. The unit has a strong research ethos and has been awarded Breakthrough Research Centre Status. There are good opportunities for participation in research through Edinburgh University.

The job plan consists of 6 PAs direct clinical care and 1 SPAs although this will be negotiable depending on the skills of the successful candidate. There would be an on-call commitment of 1:7 to cover the breast unit. There is no general surgical on call.

## Section 3: Departmental and Directorate Information

The Edinburgh Breast Unit has an international reputation in excellence in service and research. It is closely twinned with the South-east of Scotland Breast Screening Centre situated at Ardmillan Terrace, Edinburgh, which provides 3 yearly breast screening to 167,000 women and diagnoses almost 400 cancers annually. It has dedicated outpatient, inpatient and theatre facilities for breast disease. Over 9000 symptomatic breast referrals and 900 new breast cancer cases are dealt with in the unit per year. There are currently ten consultant breast surgeons (Prof Mike Dixon, Mr Matthew Barber, Mr Ian Young and Mr Oliver Young, Mr Jay Kulkarni and Mr Talha Saleem, Miss Teresa Fernandez, Miss Erica Revie and Mr Kenneth Elder). Mr Ian Young provides breast surgical services at a linked satellite centre at Queen Margaret Hospital in Dunfermline. Mr Barber provides breast surgical services for West Lothian at St John's Hospital. We work closely with plastic surgeons, one of whom attends the pre-operative multidisciplinary planning meetings. We offer immediate and delayed breast reconstruction with and emphasis on oncoplastic surgical techniques.

The unit is currently supported by 2 full time and 3 part time specialty doctors, 3 run through trainees and 1 FY1.

There is close multidisciplinary working between four consultant clinical oncologists and five medical oncologists. The academic standing of the unit has been further strengthened by the recent appointment of Professor David Cameron as Professor of Oncology and Director of Cancer services. The Unit is supported by seven consultant radiologists, a consultant radiographer and four consultant pathologists. Multidisciplinary meetings are held twice weekly to advise on adjuvant therapy and management of newly diagnosed and recurrent cases.

The unit has a self-contained 11-bedded breast inpatient ward and 6-bedded day bed ward, 2 operating theatres, mammography department and a 10-roomed outpatient department. The unit has its own newly refurbished and expanded administrative and records department. The department is also closely linked to the clinical genetics department and the familial breast clinic which has participated in many successful national studies.

The Breast Unit has a portfolio of laboratory, translational and clinical studies. The oncologists and surgeons enrol more than 800 patients into clinical studies each year.

## Section 4: Main Duties and Responsibilities

### Details of the Post.

#### Clinical:

For this less than full time clinical post, the successful applicant will be expected to participate in the management of the whole spectrum of medical and surgical breast disease. This will include diagnostic, therapeutic counselling and operative skills for screening and symptomatic breast abnormalities. There is no requirement for specialist oncoplastic skills. The post will be based in the Edinburgh Breast Unit at the Western General Hospital and will have a focus on improving quality of care and taking forward the Unit's research programme. There may be occasional requirement for cover of clinical activities at St John's Hospital, Livingston. This is an exposure prone post. The post holder will be on call for breast surgical emergencies on a rotational basis. This is a part time post but application for NRS research funding will be encouraged.

#### Location:

- It is anticipated the principal base of work will be at The Western General Hospital
- As part of your role, you may be required to work at any of NHS Lothian's sites

#### Provide high quality care to patients:

- Maintain GMC specialist registration and hold a licence to practice
- Develop and maintain the competencies required to carry out the duties of the post
- Ensure patients are involved in decisions about their care and respond to their views

#### Research, Teaching and Training:

- We would wish the successful applicant to collaborate with academic and clinical colleagues to enhance NHS Lothian's research portfolio, at all times meeting the full requirements of Research Governance
- To provide high quality teaching to medical undergraduates and members of other health care professions as required by the Clinical Director
- To act as educational supervisor and appraiser as delegated by the clinical Director to ensure external accreditation of training posts with an appropriate allocation of SPA time for these roles

### **Medical Staff Management:**

- To work with colleagues to ensure junior doctors' hours are compliant in line with EWTD and New Deal
- To ensure that adequate systems and procedures are in place to control and monitor leave for junior medical staff and to ensure that there is appropriate cover within the clinical areas, including on-call commitments
- To participate in the recruitment of junior medical staff as and when required
- To participate in team objective setting as part of the annual job planning process

### **Governance:**

- Participate in clinical audit, incident reporting and analysis and to ensure resulting actions are implemented
- Ensure clinical guidelines and protocols are adhered to by doctors in training and updated on a regular basis
- Keep fully informed about best practice in the specialty areas and ensure implications for practice changes are discussed with the Clinical Director
- Role model good practice for infection control to all members of the multidisciplinary team

### **Strategy and Business Planning:**

- To participate in the clinical and non-clinical objective setting process for the directorate

### **Leadership and Team Working:**

- To demonstrate excellent leadership skills with regard to individual performance, clinical teams and NHS Lothian and when participating in national or local initiatives
- To work collaboratively with all members of the team
- To resolve conflict and difficult situations through negotiation and discussion, involving appropriate parties
- Adhere to NHS Lothian and departmental guidelines on leave including reporting absence
- Adhere to NHS Lothian values

## Section 5: NHS Lothian – Indicative Job Plan

**Post:** Consultant Surgeon (Part time 7 PA.s)  
**Specialty:** Breast Surgery

Informal enquiries and visits are welcome and should initially be made to: Mr Oliver Young, Clinical Director; 0131 537 3273. or Mr Matthew Barber; 0131 537 2468.

## Section 7: Working for NHS Lothian

### Working in Edinburgh and the Lothians

#### Who are we?

NHS Lothian is an integrated teaching NHS Board in Scotland providing primary, community, mental health and hospital services. Calum Campbell is the Chief Executive, Esther Robertson is the Interim Chair and Tracey Gillies is the Executive Medical Director.

NHS Lothian provides services for the second largest residential population in Scotland – circa 850,000 people. We employ approximately 26,000 staff and are committed to improving all patient care and services and engaging staff in service planning and modernisation.

Over the next year across Scotland there will be significant changes in the way health and social care services are provided. In April 2015, integration came into effect in local areas led by four Health and Social Care Partnerships in East Lothian, Edinburgh, Midlothian and West Lothian. Working together will help us provide even better services for our communities and, where appropriate, people will receive high quality care closer to home. There is work underway in relation to the operational and governance capacity required, ensuring that planning for unscheduled and scheduled care is done in tandem between the four Integrated Joint Boards and the acute service.

Further information about Edinburgh and NHS Lothian can be found at <http://www.nhslothian.scot.nhs.uk/OurOrganisation/Pages/default.aspx>.

#### Location

Edinburgh and the Lothians are on the eastern side of Scotland's central belt in the heart of the country. Four main areas make up Edinburgh and the Lothians – Edinburgh, East Lothian, Mid Lothian and West Lothian.

Edinburgh and the Lothians are a place of exceptional beauty and contrast, from Edinburgh's historic skyline to the scenic countryside and coastline that surround it. Edinburgh is famous for its castle, military tattoo, fringe and international festival.

Edinburgh and the Lothians are home to top-ranking state and private schools and world class universities and colleges. Edinburgh offers a rich diversity of parks and gardens to spend time relaxing with friends and family. Whether you want to buy or rent Lothian also offers a diversity of accommodation ranging from city centre based flats, waterfront living, Victorian or Georgian villas to more rural farm houses or coastal homes.

Local and wider transport networks are excellent. Glasgow is less than 50 minutes away by train. The Scottish Highlands are accessible in a few hours offering opportunities for skiing and walking. National and international transport links make it easy to keep in touch with

friends and family via Edinburgh Airport which offers a variety of international flight opportunities.

If you are thinking about joining us from overseas further information can be found at [www.talentscotland.com](http://www.talentscotland.com). For a comprehensive list of services to help moving to the City of Edinburgh, please visit the City of Edinburgh Council Website at: [www.edinburgh.gov.uk](http://www.edinburgh.gov.uk).

### **What we can offer you**

Working with NHS Lothian offers a variety of opportunities and benefits:

- Access to the NHS pension scheme
- Assistance relocating to Edinburgh
- NHS Lothian is an equal opportunities employer and promotes work-life balance and family-friendly policies
- A beautiful setting to live and work and to take time out after a busy day or week
- Access to a transport network offering easy travel links to the rest of the UK and Europe, as well as international options

### **Teaching and Training Opportunities**

NHS Lothian has one of the largest and some of the most successful teaching hospitals in Scotland. We have a growing national and international reputation for medical teaching and research and are recognised as a centre of excellence.

We successfully train medics, nurses and other healthcare professionals from all over the UK and the world, many of whom choose to remain in employment with NHS Lothian and continue to contribute to the development of the organisation, promoting new techniques and going on to train the doctors, surgeons and nurses of tomorrow.

NHS Education for Scotland (NES) and NHS Lothian recruits junior medical staff both UK and worldwide. We are committed to providing a high standard of medical education and are able to offer training in a variety of specialties at foundation and specialty level, with the majority of training posts in the South East of Scotland rotating through Edinburgh and Lothian hospitals.

Information regarding training with links to the appropriate UK websites can be found at <http://www.scotmt.scot.nhs.uk/> and <http://nes.scot.nhs.uk/>

We enjoy close links with the University of Edinburgh (<http://www.ed.ac.uk/home>) whose Medical School is renowned for preparing its medical students to become world-class doctors. Alongside NHS Lothian, the University of Edinburgh offers state-of-the-art medical teaching facilities at the Chancellors Building, including lecture theatres, seminar rooms, clinical skills training area, computing suites, as well as library facilities at the main university, Western General Hospital and Royal Hospital for Sick Children.

### **Our vision, values and strategic aims**

We strive to provide high quality, safe, effective and person centred healthcare, continually improving clinical outcomes for patients who use our services and for our population as a whole.

To achieve this, we are committed to ever-closer integrated working with patients and our other partners in healthcare and to embedding a culture of continuous improvement to ensure that:

- Our staff can contribute fully to achieving the best possible health and healthcare, based on evidence and best practice

<http://careers.nhslothian.scot.nhs.uk>

- Everything we do maximises efficiency and delivers value for patients and the public

We have identified six strategic aims to ensure we can deliver safe, effective and person-centred health and social care:

1. Prioritise prevention, reduce inequalities and promote longer healthier lives for all
2. Put in place robust systems to deliver the best model of integrated care for our population – across primary, secondary and social care
3. Ensure that care is evidence-based, incorporates best practice and fosters innovation, and achieves seamless and sustainable care pathways for patients
4. Design our healthcare systems to reliably and efficiently deliver the right care at the right time in the most appropriate setting
5. Involve patients and carers as equal partners, enabling individuals to manage their own health and wellbeing and that of their families
6. Use the resources we have – skilled people, technology, buildings and equipment – efficiently and effectively.

The specific areas of focus and actions needed to achieve each of these aims are detailed in “Our Health, our Future: NHS Lothian Strategic Clinical Framework 2013 – 2020,” consultation document which you will find at [www.nhslothian.scot.nhs.uk/OurOrganisation/KeyDocuments](http://www.nhslothian.scot.nhs.uk/OurOrganisation/KeyDocuments).

### **Our Health, Our Care, Our Future**

NHS Lothian works to help people live healthier, longer lives – no matter who they are or where in the region they live. Much progress has been made, but significant challenges and opportunities lie ahead. NHS Lothian draft strategic plan - Our Health, Our Care, Our Future – sets out what we propose to do over the coming decade to address these challenges and continue to provide a high quality, sustainable healthcare system for the people of Lothian.

In developing the strategic plan we have:

- asked staff and patients what and how things need to change to deliver our aims
- brought together local plans into an integrated whole
- identified opportunities to make better use of existing resources and facilities
- prioritised areas that will make most difference to patients

The plan outlines a range of proposals, which will allow us to:

- improve the quality of care
- improve the health of the population
- provide better value and financial sustainability

Over the coming months we will discuss the need for change and the proposals set out in the plan with staff, patients, communities and other stakeholders. A summary of the plan can be found at

<http://www.nhslothian.scot.nhs.uk/OurOrganisation/OurHealthOurCareOurFuture/Documents/NHSL%20Strategy%20Summary%20final.pdf>

### **NHS Lothian’s Clinical Quality Approach – Quality Driving Improvement**

This is a new way of approaching quality in NHS Lothian. With this approach to service improvement we aim to deliver ‘high quality, safe and person-centered care at the most affordable cost’. This acknowledges that every £1million of waste, unnecessary or

<http://careers.nhslothian.scot.nhs.uk>

inappropriate costs in one area of our system, denies us the opportunity to invest that £1million in another area of our system.

In all highly reliable healthcare organisations, it is clear that senior leadership commitment to the importance of the work, the introduction of consistent improvement methodology, the use of good quality data and building improvement capability within the workforce, are key to the successful delivery of improvement strategies.

To allow NHS Lothian to meet the needs of our population today and in the future, we need to build on the good work that is already being done to redesign services and create a whole organisation approach to quality improvement.

### **Our Values and ways of working**

NHS Lothian is determined to improve the way their staff work so they have developed a set of common values and ways of working which they now need to turn into everyday reality - to the benefit of everyone working in the organisation and, most importantly, to the benefit of their patients.

### **NHS Lothian – Our Values into Action:**

#### **Care and Compassion**

- We will demonstrate our compassion and caring through our actions and words
- We will take time to ensure each person feels listened to, secure, understood and is treated compassionately
- We will be visible, approachable and contribute to creating a calm and friendly atmosphere
- We will provide a safe and caring setting for patients and staff, and an efficient, effective and seamless care experience
- We will meet people's needs for information and involvement in all care, treatment and support decisions.

#### **Dignity and Respect**

- We will be polite and courteous in our communications and actions
- We will demonstrate respect for dignity, choice, privacy and confidentiality
- We will recognise and value uniqueness and diversity
- We will be sincere, honest and constructive in giving, and open to receiving, feedback
- We will maintain a professional attitude and appearance.

#### **Quality**

- We will demonstrate a commitment to doing our best
- We will encourage and explore ideas for improvement and innovation
- We will seek out opportunities to enhance our skills and expertise
- We will work together to achieve high quality services
- We will use our knowledge and enthusiasm to implement positive change and overcome challenges.

#### **Teamwork**

- We will understand and value each other's role and contribution
- We will be fair, thoughtful, welcoming and kind to colleagues
- We will offer support, advice and encouragement to others

- We will maximise each other’s potential and contribution through shared learning and development
- We will recognise, share and celebrate our successes, big and small.

### Openness, Honesty and Responsibility

- We will build trust by displaying transparency and doing what we say we will do
- We will commit to doing what is right – even when challenged
- We will welcome feedback as a means of informing improvements
- We will use our resources and each other’s time efficiently and wisely
- We will maintain and enhance public confidence in our service
- We will be a positive role model.

Throughout the recruitment process candidates will need to demonstrate they meet all of Our Values.

Further information on our values into action can be found at <http://www.nhslothian.scot.nhs.uk/OurOrganisation/Pages/OurValues.aspx>
