

Specialty Doctor in Orthopaedics

Candidate Information Pack

Welcome

Dear Candidate,

Thank you for taking the time to read more about who we are and the opportunity we have on offer to join our team.

NHS Dumfries and Galloway is one of 14 territorial Health Boards in Scotland covering the region of South West Scotland.

Our District hospital and Mental Health hospital are based in Dumfries with our smaller community hospital with some acute services based in Stranraer. In addition to this we have several smaller cottage hospitals.

The District hospital (DGRI) has been purpose built to suit the needs of the staff and patients and is one of the only NHS hospitals in the UK to have all single en-suite rooms which has seen an increase in recovery time.

One question I often get asked is, why would a medic choose to come to a small district hospital or our small community hospital?

My top three answers to that would be:

- The teams are smaller which gives you more of a sense of community within the workplace, where you are known by name and supported more in your role.
- We have heavily invested in front line equipment and technology meaning you can get on and do the job you love.
- We have a strong nursing and advanced practitioner workforce to help support us with excellent twice daily huddles in the acute setting to problem solve.

Our medical community across the Health Board have opportunities to develop their skills as we are committed to supporting CPD and development of new skills. We have created a culture of shared learning and best practice with weekly lunch time Journal clubs and educational talks led by our own staff or guest speakers. Our education centre is one of the centres to be fully kitted out and include a clinical skills and observation /control room.

One of the key achievements and something we do well at D&G is the introduction of new models of workforce to make a sustainable future for our community. Recently we have introduced the new SCOTGEM rural medicine programme which has attracted a new talent of medical students to the area as well introducing a Clinical Development Fellows programme where we have added an additional 20+ staff giving additional support at lower to middle grades.

Whatever your specialty we hope that you will take the time to come and visit us and see for yourself why working at D&G is the right choice for you.

Kind regards,

Ken

*Ken Donaldson,
Medical Director,
NHS Dumfries & Galloway*

The Opportunity

Job Title:	Specialty Doctor
Salary:	£45,193 - £84,272 (pro rata)
Hours:	Full Time – 40 hours per week
Contracted Type:	Permanent
Department:	Orthopaedics
Reporting to:	Tom Geddes
Base:	Dumfries & Galloway Royal Infirmary

AWAITING APPROVAL FROM EXTERNAL ADVISOR

Contact Details

We welcome informal contact from prospective candidates who wish to better understand the role.

Please contact Subodh Srivastava, Consultant Orthopaedic Surgeon by email subodh.srivastava@nhs.scot or on 01387 272 782, or Tom Geddes, Assistant General Manager, by email Tom.Geddes2@nhs.scot or on 01387 246 246.

Job Description

THE ORTHOPAEDIC DEPARTMENT

The Department of Orthopaedic Surgery, based at Dumfries and Galloway Royal Infirmary (DGRI), provides a comprehensive elective and trauma service to the Dumfries and Galloway region. Outpatient and day case services are also provided at the Galloway Community Hospital in Stranraer with remote Trauma clinics via DGRI.

The successful candidate will join the team at the new Dumfries and Galloway Royal Infirmary. This new state of the art facility serves as district general hospital for the region and brings together a range of services to deliver new Models of Care which will lead to improved patient experience, improved patient flow and more efficient ways of working for our staff. The new facility incorporates 100% single rooms, Combined Assessment Unit, Theatres complex, Critical Care Unit and Out Patients Department.

A 24-hour trauma service is provided at DGRI where in-patient facilities are provided for elective and trauma cases.

THE DUTIES OF THE POST

The successful candidate will join a team which comprises of seven Consultants, one Associate Specialist, and eight middle grade doctors. A 24-hour trauma service is provided at DGRI where in-patient facilities are provided for elective and trauma cases.

Experience in Orthopaedic Surgery will be required to enable the successful applicant to function competently within the team.

The job plans will include providing support in the provision of:

- Theatre sessions
- Outpatient clinics
- Trauma Clinics
- Clinical admin
- Ward round
- SPA

The General Manager for the Acute and Diagnostics Directorate is Carole Morton and the successful post holder will be managerially accountable to this person.

The Clinical Director for Surgery, including Orthopaedics is Miss Maria Bews-Hair to whom the successful candidate will be clinically accountable to. The Specialty Team Lead for Orthopaedics is Mr Subodh Srivastava.

IN-PATIENT / DAY CASE SERVICES

The main provision of in-patient services covers the day to day treatment of significant musculo-skeletal trauma.

The majority of major elective surgery is joint replacement, arthroscopy, upper limb and paediatric surgery (*excluding spinal surgery*). Children from 4 months old are anaesthetised locally. Most orthopaedic elective surgery is carried out at the Dumfries and Galloway Royal Infirmary; some day case elective Surgery is carried out at the Galloway Community Hospital in Stranraer.

A pre-admission assessment clinic is held weekly at DGRI as part of the Enhanced Recovery pathway which also includes Joint School.

OUT-PATIENT CLINICS

Out-patient services include combined elective and fracture clinics at DGRI. Peripheral clinics which are also mixed are available at the Galloway Community Hospital. Occasional consultations are made at Cresswell Maternity Wing for paediatric cases, as required.

X-ray and plaster facilities are provided at each of the peripheral out-patient clinics.

PLASTER ROOM

There is a fully equipped Plaster Room from 8.30 am to 5.00 pm, Monday to Friday.

ORTHOTIC SERVICE

The orthotic service is contracted and is currently provided on a Monday and a Wednesday. The service usually operates within DGRI but visits Newton Stewart on the 1st Wednesday of the month and Stranraer on the 3rd Monday. We are also looking to expand the service to include Friday. Orthoses are prescribed by the Orthopaedic Consultant and administration handled by a full-time Appliance Officer.

PHYSIOTHERAPY

There is a large Physiotherapy Department with 2.5 whole time qualified Physiotherapists and a 0.6 whole time Physiotherapy support worker allocated to the Orthopaedic department. This includes provision of services on wards, Day Surgery, Joint School and Fracture clinic.

OCCUPATIONAL THERAPY

There is an Occupational Therapy Department to which occupational therapy requests can be made. An Occupational Therapist attends the Orthopaedic Consultant's main weekly ward rounds. The Occupational Therapist also takes an active role in management of hand patients, vetting referrals and following patients up after surgery.

THEATRE

There is a Theatre Suite of 8 Theatres (*ie 6 elective, 1 obstetric theatre and 1 emergency*), three of which are equipped with "laminar flow". There is a

dedicated staffed emergency theatre available at all times and 16 elective sessions per week allocated for Orthopaedic services.

STAFFING

The Orthopaedic Department medical staff establishment currently consists of:

7 Consultant Orthopaedic Surgeons and 1 Associate Specialist *with a special interest in:*

Miss A Hawkins	Children's Orthopaedics, Athroplasty & Trauma
Mr V Triantafyllis	Adult Hip & Knee Surgery, Trauma
Mr R Ferdinand	Foot & Ankle Surgery, Trauma
Mr S Srivastava	Adult Hip & Knee Surgery, Trauma
Mr S Ansara	Shoulder Surgery, Trauma
Mr S Hatab	Adult Hip & Knee, Foot Surgery & Trauma

Supported by Mr Thomas, Associate Hand Surgery Specialist.

Junior Staff

- 2 Specialist Registrar from West of Scotland rotation
- 6 Specialty Doctors
- 2 FY1s

ORTHOPAEDIC BED COMPLIMENT

The Department has access to 29 beds in Ward C6 and the Day Surgery Unit. The service also has use of surgical beds in the paediatric ward.

A Combined Critical Care Unit is available for major trauma and post-operative cases.

EDUCATION, RESEARCH & AUDIT

Departmental meetings are held weekly (Thursday am) and involve the Consultant's, Higher Surgical Trainee, Middle Grade Medical, Nursing, AHP and other staff as appropriate. These are used for weekly antibiotic ward round, clinical teaching, reviewing MRI/ other investigations for back pain and other departmental matters.

There is an active Research and Development Department *and* Clinical Audit Department within DGRI.

Audit is encouraged in the Orthopaedic Department. We support the Scottish Hip Fracture Audit, Scottish Audit for Surgical Mortality and Scottish Arthroplasty Register.

GENERAL PROVISIONS

- The successful candidate is required to work within the local management structure and co-operate with other professional colleagues to ensure the efficient running of the service.
- Subject to the provision of terms and conditions of service, the postholder is required to observe the organisation's agreed Policies and Procedures, drawn up in consultation with the profession on clinical matters, and to follow the Standing Orders and Financial Instructions of the organisation.
- The postholder is required to comply with the Organisation's and the Department's Standing Operating Procedures including Health and Safety Policies.

TRAVEL

Any travel allocation will be included within the Total Programmed Activities and will be determined by the location at which Direct Clinical Care and Supporting Professional Activities are carried out.

RESEARCH

Research is encouraged and supported by an active Research and Development Committee. The appointee will be encouraged to develop research interests associated with their specialist interest.

ADMINISTRATION

This activity covers the management of individual patients including out patient administration, results reporting, letters/phone calls to patients, carers, GPs and members of the wider multidisciplinary team involved in the patients care.

ON-CALL ARRANGEMENTS

This post will include a 1 in 8 on call commitment.

ANNUAL APPRAISAL & JOB PLANNING

You shall also be required to participate in annual appraisal. Job planning is linked closely with, but is separate to, the agreed appraisal scheme for consultants. The job plan review will take into account the outcome of the appraisal discussion and reflect the agreed personal development plan.

Staff Benefits

At NHS Dumfries & Galloway, we want to give a warm welcome to new colleagues and aim to provide support to those moving to the region.

Relocation Package

We offer a supportive and flexible package to help with the cost of relocating. We also have a dedicated team who can offer advice and guidance on everything from activities and attractions in the local area; to travel, housing, education and employment opportunities for family members.

Accommodation

Single accommodation is available for the first 12 weeks of employment.

International Candidates

We are a Tier 2 sponsorship employer and as such, welcome applications from international candidates.

We are committed to supporting colleagues to fully integrate into the society of our region. We want to support staff to feel part of the community – this means in their personal life, as well as at work.

There are various community groups, social gatherings and opportunities to meet other people within our region. For example, the Dumfries Multicultural Association is an active group in the local area. Furthermore, you will find activities and events in the towns and villages of Dumfries & Galloway are very welcoming to new members of the community.
