Responsible to:	Senior Charge Nurse
Department(s):	Children's Ward SJH
Directorate:	Women's and Children's
Operating Division:	NHS Lothian
Job Reference:	L-GEN-NM-NS-SN
No of Job Holders:	17 (13.89 WTE.)

2. JOB PURPOSE

As part of a multidisciplinary team the post holder will have responsibility to ensure the delivery of high quality care to patients by the assessment of care needs, the development of programmes of care, the implementation and the evaluation of these programmes.

In the absence of the Deputy / Charge Nurse the post holder may be required to provide cover to ensure effective operation of the ward.

3. DIMENSIONS

The post holder primary post will be within the Children's Ward based on the STJH site, comprising of 14 in-patient bed, Assessment Referral Unit and Programmed Investigation facility and Short Stay Unit.

In the absence of the Ward Manager the post holder has management responsibility for the delivery of care, and the nursing staff.

Key staff which the post holder will interact with includes Clinicians, Management, Support Services, Social Services, and Education Staff, Health and Safety and Risk Management.

The post holder is not responsible for managing the budget but needs to be aware of the resources available and the need to work within the financial envelope.

The post holder will have junior staff/learners reporting to them on patient care.

The post holder will supervise junior members of staff, learners, patients and carers.

4. ORGANISATIONAL POSITION

5. ROLE OF DEPARTMENT

The Children's Ward, St John's Hospital is part of Women's and Children's Services within NHS Lothian – University Hospitals Division.

The Children's Ward comprises of medical, surgical both day and longer stay – ENT, Plastic Surgery, Dental and Maxilla Facial Surgery for Children and Young People within West Lothian, it includes 1 high dependency bed for short stay care.

The unit provides programmed investigations and urgent referrals from primary care and community staff

To provide a high quality, safe and supportive environment in order to care for patients, meeting the identified physical and psychosocial needs. Ensuring the highest standard of patient care and management.

6. KEY RESULT AREAS

1. To assess patients, plan their care, implement and evaluate programmes of care and consult / involve patient / carers at all stages of the patients journey to ensure patients receive a high standard of nursing care.
2. To organise own workload and workload of others within the team to ensure the patients care needs are met and systems of teamwork are maintained.
3. To lead the nursing team, in the absence of the Deputy / Charge Nurse and act as a source of advice to ensure smooth organisation so patients and their relatives receive a high standard of prescribed care.
4. To support, guide and direct junior members of the team to appropriately provide holistic nursing care for patients.

5. To contribute to the arrangements for patient admissions and discharges so that patients are admitted according to the ward procedures and discharges are fully planned.
6. To implement and maintain, as part of the multidisciplinary team, policies, procedures, standards and protocols of the clinical area to ensure adherence to, and delivery of the highest level of patient care at all times.
7. To participate in audit systems to monitor the delivery and standards of care given to patients and their families.
8. To have an overall awareness of potential risks within the ward area assessing these at all times (including patient behaviours and working environment) to ensure the health and safety of patients, visitors and staff and compliance with related legislation and guidelines.
9. To have direct involvement in the provision of education and development of pre-registration, appropriate post-registration students and other members of the multidisciplinary team to ensure that appropriate learning opportunities are provided and students feel supported. To participate in the PDPR processes for junior members of the team.
10. To order supplies and supplementary staff ensuring that resources are used appropriately and efficiently at all times.
11. Ensure patients property and valuables that are received by the ward for safekeeping are secured and processed as division policy.
12. To maintain effective written and verbal communications with patients, relatives and other members of the multidisciplinary team to ensure patient needs are met and appropriate information is shared and documented.
13. To develop within the post by expanding knowledge and skills to ensure continuous professional development and the delivery of evidence-based practice.
14. To support NHS Lothian's values of quality, teamwork, care and compassion, dignity and respect, and openness, honesty and responsibility through the application of appropriate behaviours and attitudes.

7a. EQUIPMENT AND MACHINERY

The postholder will be expected to be responsible and knowledgeable in the safe use of all clinical and non clinical equipment used within the area ensuring this is checked and maintained and where problem are identified these resolved so that all equipment is fit for purpose.

Note: New equipment may be introduced as the organisation and technology develops, however training will be provided.
